

PCC-CE Event #2: The PCC-CE Orange County Canyons Loops & Ooops Rally Revised 2/11/2018

Oh boy this one is going to be fun for everyone! This rally has several different aspects to it to keep you challenged and amused the entire way. There will be questions to answer, pictures and items to collect, and certain legs that will require precise (legal) speeds to be targeted and driven between manned check points. We might even throw in a poker hand! To amuse you even more, the route instructions will be filled with fun and obscure (but mostly true) historical facts about the route you will travel and the various sites we will visit along the way. You may even need to reference some of these facts to successfully navigate the route to completion, so pay attention to history.

The rally will begin in the parking lot of the Regus building at 30211 Avenida de las Banderas in Rancho Santa Margarita. That's at the NE corner of Banderas and Aventura. Be there by 9:00am on Saturday March 10th. The rally will cover 75 to 85 miles and end with lunch and results at Lucille's Bar-B-Que on El Toro at Rockfield. First car out will be at 9:31am. Route instructions and question sheets will be available to all teams at 9:00am the morning of the rally.

Scoring: Each feature will be weighted to determine overall winners.

- Time-Speed-Distance legs total points (lowest is best)
- Number of questions answered correctly
- Number of scavenger items & photos returned correctly
- Highest Poker Hand.

The exact weighting will be published with the general instructions a couple of weeks before the rally

The number of trophies will be determined by the general PCC-CE rules.

This may be the first time some of you have encountered these types of rally formats, particularly all at once. It means you and your partner will be very busy and multi-tasking for most of the duration of the event. A lot of the success of a rally team is separation of duties and communication. The driver has to focus on driving and safety at all times. The navigator is always looking for and anticipating the next instruction, all the while both of you are trying to answer questions, stay on time when it applies, find stuff, and not get lost. This is why we picked a lunch destination that serves alcohol, you may need it by the time this is over, but it should be loads of fun for all and something every PCC'er will want to participate in.

There is no fee for this event.
