Subject: [pcc] New Event - Short Notice - New 2020 C8 Mid-engine Corvette at Simpson Chevrolet

This message is sent on behalf of Don21. 7/18/2019 6:16:48 PM

Please direct responses to Don21 at don21@cox.net

A NEW PACIFIC COAST CORVETTES EVENT

Chevrolet will be taking the new 2020 C8 Mid-engine on tour of dealerships around the country over the next several weeks. On **Tuesday, July 30th**, Simpson Chevrolet in Irvine will have the C8 on display from 11:00 a.m. until 7:00 p.m. However there is a PCC event planned around this showing. If you can make it, please join other members of PCC at **Simpson Chevrolet of Irvine, at 12:00 noon** to check out the latest version of America's sports car. Simpson Chevrolet, our PCC club sponsor, will arrange for special parking for all the PCC Corvettes that come for the show at noon. While I understand there will be a taco truck there, we've arranged for the group to have a PCC group lunch together. **At 1:00 p.m. we have reservations at Luceille's Smokehouse Barbeque** (at El Toro and Rockfield) for some more club camaraderie.

For the benefit of PCC and Simpson, please consider **wearing something with the PCC logo on it, a shirt or hat or . . .** Let's make this more than just a few folks showing up at a showroom to check out a new model; let's make this a show of PCC force and spirit.

Because this is such a short notice happening, **please RSVP to Don Wilder at don21@cox.net ASAP** to let him know that you intend to come (and how many) (for lunch reservations) and if you will be bring more than one Corvette (for Simpson to arrange for Corvette parking for our club.)
