

Wizard of Oz
February 12, 2023 2:PM
ONLY 16 SEATS

Have you ever been to a performance at a community theater? They are small intimate venues and a lot of fun. We enjoy it more than large venues like Segerstrom.

I have reserved all 16 seats (The entire front row) for the 2/12 2PM performance of Wizard of Oz at Musical Theater Village. Tickets are \$16 plus fees. Musical Theater Village is a very small theater, seating capacity is around 70 seats. The front row is only a few feet from the stage. Sometimes the actors are performing in the aisle, inches from the front row. We've been to several performances here and they have all been fun. The cast is generally young children and teens and very enthusiastic in their performance. After the show we'll go for dinner at local restaurant.

The theater is located close to the light rail station in Irvine.

The address is:
36 Mauchly
Irvine, CA, 92618
