

## Pacific Coast Corvettes

### Scholarship – 2019

The Pacific Coast Corvettes (PCC) club scholarship in the amount of \$1500 will be given to the one eligible candidate who is a graduating senior at a high school within the Saddleback Valley Unified School District in Orange County, California. Because PCC wishes to encourage the continued advanced development of automotive technology and performance automobiles, and performance automobile enthusiast activities, this Scholarship is directed to that end.

The PCC Scholarship Committee will select one recipient each calendar year to receive this scholarship. Selection of the intended scholarship recipient will be made by April 15<sup>th</sup>, and the scholarship disbursement will be made by September 15<sup>th</sup> subject to verification of enrolment as described below. To be considered for the scholarship award, each applicant must meet the following requirements.

- ❖ Submittal of (1) a completed application (including the completed Application Questionnaire) not before January 15<sup>th</sup> or after March 15<sup>th</sup> prior to the subsequent school year, (2) two personal references (as identified on the Personal References form to be completed by applicant), (3) a copy of a letter of acceptance to a two or four year college, or accredited trade school, and (4) an essay as described below. The Application Form may be found on the web site ([www.pccvettes.org](http://www.pccvettes.org)) or sending a request to [Scholarship@pccvettes.org](mailto:Scholarship@pccvettes.org).
- ❖ Graduating high school seniors must have an overall GPA (Grade Point Average) of at least 3.0.
- ❖ Preferential consideration will be given to those applicants who are able to demonstrate a genuine interest in automobiles and automobile related activities.
- ❖ Scholarship Essay Requirement – The essay is an important part of the PCC scholarship application. It will help the PCC Scholarship Committee become acquainted with the recipient in ways other than school courses, grades and test scores. The essay must be typewritten between 300 and 500 words double spaced with one inch right and left margins. Please select one of the following essay topics:
  - Share a significant experience, achievement or risk you have taken or an ethical dilemma you have faced, and its impact on you.
  - Discuss an issue of personal, local, national or international concern and its importance and significance to you.
  - Select a person known to you (family, acquaintance, teacher, pastor, etc.) who has had a significant influence on you and describe that influence.

To qualify for receipt of this scholarship grant the student must be enrolled in a two-year or four-year college or university, or enrolled in accredited trade school related to design, development, maintenance or repair of automobile or automobile products approved by the PCC Scholarship Committee. While college-bound students majoring or intending to major in a S.T.E.M program are preferred, other majors will be considered provided the applicant is able to demonstrate a genuine interest in automobiles and automobile related activities.

Verification of enrollment as described above shall be required before the disbursement of any scholarship funds, and such funds may be remitted to the selected applicant or, at the discretion of the Scholarship Committee, directly to the school. Scholarship recipients who fail to provide proof of enrollment in an approved college major or trade school program within the allotted time may have their scholarship award selection revoked and the scholarship award may be given to another qualified applicant.

The PCC Scholarship Committee will consider all information provided by each of the scholarship applicants and determine, in its sole discretion, that qualified applicant who is best suited to meet the intent and purpose of PCC in offering this scholarship. The decision of the PCC Scholarship Committee is final.

## Pacific Coast Corvettes Scholarship Fund Application Form

Application must be postmarked or received by email on or before March 15<sup>th</sup> (but not before January 15<sup>th</sup>.) This Application Form must be completed and submitted with your application packet.
