

Orange County Auto Show at OC Convention Center.

September 25th through 28th (Thursday – Sunday)

The OC Auto Show contacted me about displaying some of our cars at the upcoming show in late Sep. They are asking for one of each model (C1 thru C8). Potentially a few more if unique (ZR1, convertible, E-ray, etc). The cars will be remain at the show all 4 days. They will be displayed inside in a locked facility with 24 surveillance.

Please let me know ASAP if you are interested in displaying your car at the event.

I will coordinate rides back and forth once we have determined participants.

The OC Auto Show is one of SoCal's biggest automotive events perfect to show off your builds, connect with other clubs, brands, and get some solid exposure.
